**THE EMPEROR OF GERMANY AND
BERGSEN**
The Affairs of the Emperor of Germany
At Bergen expects to have more significant
than merely attempts to interchange of
contacts between heads of governments.
His Majesty has recognized the public re-
quest very early and voluminous lan-
guage from his lips, and he should there-
fore hasten to interpret his expressions in
rules quite to meet the same seriously ap-
plied to the public statements of his Majesty.

At Bergu, however, it is plain that the Emperor's conduct is directed by the purpose of making his subjects feel that he is not a man who wants to annihilate France. The Emperor is to the subjects the singularly sensible man who is President Loubet, and he really is far from the Emperor. The Emperor will present a programme which the people of France can not mistake. It must be confessed that M. Loubet's answer to the Imperial message seems somewhat pallid by the side of the magnificent language of the Emperor. The Emperor's answer is a masterpiece of French eloquence never allow themselves to be disturbed in their course. All the civilized world is interested in the attempt on the part of the Emperor William. Should it succeed it will be one of the greatest achievements of a reign which promises to be very great. It is a great thing to have a man of any test of success, but perhaps in the present instance we shall be justified in assuming that if His Majesty sees his way to visit the French Exhibition next year his purposes may be regarded as achieved. M. Loubet, at Bergu, is in a position to express the Emperor's views and to give the view they have hitherto attracted the keenest interest and attention in Europe.—Japan Mail.

THE CRISIS IN THE TRANSVAAL

BOHE BOER OPINIONS
There were two interested auditors dis-

ing Mr Chamberlain's recent statements on
affairs in the Transvaal in the House of

Commons. They were Mr. Wensley, Chairman of the Board of the Orange Free State

and Mr. Vander Dyl, a Transvaal burgomaster from Pretoria. They were introduced by

chair, friend and fellow-traveller from
Madeira. Sir Walter Foster, B.E., M.

Wagels, in an interview, said that the result of the deliberations at Bloembergen

had not surprised them at all. It was practically a monopoly of individuals.

 The Plague statistics continue to improve, and there were only 470 deaths from this cause in all India last week.

A Boxing Match in Rangoon.

A Ship on Fire.
 Rangoon, June 21.—A fire broke out yesterday afternoon in the hold of the steamer "Frisco" in the Port of Rangoon. The cargo was sugar, rice, and molasses, consigned to Messrs. Graham & Co. Volumes of water were poured in, and the fire was extinguished in half an hour, but owing to the nature of the cargo the damage by fire and water is very heavy. The amount has not yet been assessed.

A Marriage at Bangalore.
 Bangalore, June 22.—The marriage of Miss Irene Elphinstone, daughter of Col. Donald Elphinstone, C.B., British Resident, Mysore, with Mr. Llewellyn Elphinstone, I.C.S., the youngest son of the late John Arthur Elphinstone, of Hampton Middlesex, was solemnized by special license at Holy Trinity Church here this afternoon. The Rev. W. Barry and E. Bull officiating. The reception afterwards at the residence of the bride was very largely attended. The weather was beautiful and the ceremony a brilliant one. The list of presents is enormous.

Mr Chamberlain Denounces the Government of the Transvaal.
 London, June 27.—Mr. Chamberlain, speaking at Birmingham last evening, said that the Government took full responsibility for Sir Alfred Milner's action on the Transvaal question. The counter-proposals made by President Kruger were not only a fair instalment towards reform, and no proposal would be accepted that did not give the Transvaal immediate and complete independence. Besides the proposals made by the Transvaal, which were being defrauded by monopolies, and brutal outrages were constantly committed on Indians and Cape Boys. The letter of the Convention, as well as its spirit, had been violated and the misgovernment of the Transvaal was a disgrace to the British Empire. He declared that he was not going to give the Transvaal a vote in the House of Commons. He would not support the Government unless they were prepared to give the Transvaal complete independence. He would not support the Government unless they were prepared to give the Transvaal complete independence. He would not support the Government unless they were prepared to give the Transvaal complete independence.

The Treasury Balances in India.
 Simla, June 24.—Despatches are published which have been received from the Secretary of State and the Government of India on the subject of the use of Government balances in aid of banking resources in India. In this connection, the Government of India, with a view to meet the wishes of the Board of Control of India, have decided that, as from the 1st of January in each year, when large sums are withdrawn from the public in payment of Government revenue, it may be recognised as a part of the ordinary business of the management of Treasury balances to lend money to the Presidency Banks in sums not less than 10 lakhs of rupees at one percent, but not more than 50 lakhs of rupees at one percent. AN EPIDEMIC OF DIARRHOEA.
 Mr. A. Sanders, writing from Cocanuz, Grota, Fla., says there has been an epidemic of diarrhoea here. For sale by all Dealers. Write to Chamberlain, Grota, Fla., for particulars.

PEACE CONFERENCE HUMOUR.
 M. Rastavitch, Financial Agent of the Russian Government, in Paris, is reported to have written the Standard correspondent at the Hague, the humorous of the Peace Conference. The military section of the Armaments Committee were discussing on Wednesday afternoon the subject of the limitation of invention in war, when the delegates of the Russian Government, who were asked without international inspection, replied that the Russian Government would be a sufficient guarantee. Even the French representative could not withhold a smile at this native declaration from the delegates of a country where these safeguards are unknown.

NAVAL ENGINEER OFFICERS' SALARIES.
 There are extraordinary differences in the amount of pay received by the various grades of naval engineer officers. For example, the first grade of Engineer Officer at the Admiralty is paid £2,000 a year, while the lowest grade is paid only £1,000 a year. The Admiralty is now considering the question of raising the salaries of the lower grades to bring them into line with the higher grades.

THE JAMESON RAID.
 THE BOER CLAIM.
 A Blue Book has been issued giving the correspondence with the Transvaal regarding the claims against Great Britain growing out of the Jameson raid, apart from the well-known demand for £1,000,000 for moral and intellectual damages. The British Government, says a London dispatch of June 19th, disputed several of the items of the demand, and asked for particulars. Colonel Secretary Chamberlain wrote that he could hardly suppose that the Transvaal was serious in claiming the enormous sum of £1,000,000. Mr. Rastavitch, the chief engineer of the raid, is reported to have written to the British Government, saying that he was not going to give the Transvaal a vote in the House of Commons. He would not support the Government unless they were prepared to give the Transvaal complete independence. IS IT RIGHT FOR AN EDITOR TO RECOMMEND PATENT MEDICINES?
 FROM SYLVAN VALLEY NEWS, BEVERLY, N.C. It may be questioned whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering, we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is sought. We do not believe in depending implicitly on any medicine for curing, but we do believe that a little of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by all Dealers. Wadkins & Co., General Agents.
